Projects

Movie Magnet | | | React, TailwindCSS

- Developed an engaging movie search app using React, showcasing expertise in creating responsive user interfaces and leveraging React features for optimal user interactions.
- Integrated the Moviedb API for dynamically fetching and displaying movie data, provide users with real-time information.
- Implemented intuitive search functionality that allows users to easily find and explore movies..

Save-N-Go | | HTML, CSS, JavaScript

- Developed Save-n-go, a lightweight Chrome extension aimed at improving the browsing experience by facilitating the easy saving of open tabs.
- Enhanced user flexibility with custom entry input for personalized tracking of links and notes.
- Contributed to creating a user-friendly solution for keeping track of vital leads, profiles, and web pages.
- Implemented robust local storage functionality, ensuring the persistent retention of input records even after closing the Chrome browser, enhancing user data continuity.

Password Manager | | Python

- Created a password managing application using Python's Tkinter library, offering users to efficiently organize and secure credentials for various websites and platforms.
- Enabling users to securely save, search, copy and retrieve passwords associated with specific websites, enhancing user convenience.
- Integrated a password generation option, providing users with a convenient way to generate random passwords for the online platforms.

Technical Skills

Languages:Python, JavaScript, C, java, HTML, CSS, SQL

Frameworks and Libraries: Pandas, Matplotlib, React, TailwindCSS

Developer Tools: VS Code, Git, GitHub, ChatGPT, Netlify, Vercel

Leadership / Extracurricular

Battle Of Brains - Parampara

April 2023

Event Head

ITM Gorakhpur

- Demonstrated strong leadership as the team lead for the organization of the "Battle Of Brains" (Quiz competition) technical event during the college event "Parampara.
- Efficiently managed a team of 4 individuals, fostering collaboration and synergy among team members to achieve event objectives.
- Successfully coordinated and supervised more than 100 participants, ensuring smooth event logistics and a positive experience for all.

Achivements

- Runner-up in Web-stack (Web Development Competition), College Annual Fest (2023)
- Runner-up in Code Monk (Competitive Coding Competition), College Annual Fest (2023)
